Subject: Notice of File Closure and Release of Reclamation Surety, Edward Harris, Crystal Clear, S/023/0056, Juab County, Utah

Dear Mr. Harris:

The Division of Oil, Gas and Mining hereby withdraws the referenced Notice of Intention to Conduct Small Mining Operations for failure to pay permit fees and for failure to submit a reclamation surety. You may appeal this decision to the Board of Oil, Gas and Mining. If no appeal is filed by July 31, 2014, the Division will consider its decision final and will close and retire the file.

The mine is on Bureau of Land Management property. The BLM may require the reclamation of all or part of the site. Please contact the Fillmore office of the BLM (Duane Bays) for a determination whether additional reclamation is needed.

You no longer have approval to conduct mining operations. If you desire to re-start operations, you will need to file a new Notice of Intention and a reclamation surety and gain the Division's approval before starting. You will also need to obtain approval from any other appropriate agencies, notably the BLM.

Please contact Wayne Western at 801-538-5263 or me at 801-538-5261 if you have questions or concerns regarding this action. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
